

## Table of Contents

<b>Executive Summary .....</b>	<b>ES-</b>
1.1 Management Policy .....	ES-
1.2 Summary of Management Measures .....	ES-
1.3 Organization of the FMP .....	ES-
<b>Table of Contents.....</b>	
<b>List of Tables and Figures .....</b>	
<b>Acronyms and Abbreviations Used in the FMP .....</b>	
<b>Chapter 1    Introduction .....</b>	
1.1 Foreign Fishing .....	
<b>Chapter 2    Management Policy and Objectives.....</b>	
2.1 National Standards for Fishery Conservation and Management .....	
2.2 Management Approach for the BSAI Groundfish Fisheries.....	
2.2.1 Management Objectives.....	
<b>Chapter 3    Conservation and Management Measures .....</b>	
3.1 Areas and Stocks Involved .....	
3.1.1 Management Area .....	
3.1.2 Stocks .....	
3.2 Determining Harvest Levels .....	
3.2.1 Definition of Terms.....	
3.2.2 Maximum Sustainable Yield of the Groundfish Complex.....	
3.2.3 Optimum Yield of the Groundfish Complex.....	
3.2.4 Overfishing Criteria .....	
3.2.5 Procedures for Setting Total Allowable Catch.....	
3.2.5.1 Framework for Setting Total Allowable Catch .....	
3.2.5.2 Stock Assessment and Fishery Evaluation .....	
3.2.5.3 Reserves .....	
3.2.6 Apportionment of Total Allowable Catch.....	
3.2.7 Attainment of Total Allowable Catch .....	
3.3 Permit and Participation Restrictions.....	
3.3.1 License Limitation Program.....	
3.3.2 Exempted Permits .....	
3.4 Gear Restrictions.....	
3.4.1 Authorized Gear .....	
3.4.2 Target Fishery-Specific .....	
3.5 Time and Area Restrictions .....	
3.5.1 Fishing Seasons .....	
3.5.2 Area Restrictions .....	
3.5.2.1 Trawl Gear Only.....	
3.5.2.2 Bottom Contact Gear.....	
3.5.2.3 Mobile Bottom Contact Gear .....	
3.5.2.4 All Gear .....	
3.5.3 Marine Mammal Conservation Measures .....	

3.5.4	Gear Test Areas.....
3.6	Catch Restrictions .....
3.6.1	Prohibited Species.....
3.6.2	Prohibited Species Catch Limits .....
3.6.2.1	Individual Species Limits .....
3.6.2.2	PSC Limitation Zones.....
3.6.2.3	Apportionment of Prohibited Species Catch Limits .....
3.6.3	Retention and Utilization Requirements .....
3.6.3.1	Utilization of Pollock.....
3.6.3.2	Improved Retention/Improved Utilization Program .....
3.6.4	Bycatch Reduction Incentive Programs .....
3.7	Share-based Programs.....
3.7.1	Fixed Gear Sablefish Fishery .....
3.7.2	American Fisheries Act Pollock Fishery.....
3.7.3	Aleutian Islands Directed Pollock Fishery.....
3.7.4	Community Development Quota Multispecies Fishery .....
3.8	Flexible Management Authority .....
3.8.1	Inseason Adjustments .....
3.8.2	Measures to Address Identified Habitat Problems .....
3.8.3	Vessel Safety.....
3.9	Monitoring and Reporting .....
3.9.1	Recordkeeping and Reporting.....
3.9.2	Observer Program .....
3.10	Council Review of the Fishery Management Plan .....
3.10.1	Procedures for Evaluation .....
3.10.2	Schedule for Review .....

<b>Chapter 4</b>	<b>Description of Stocks and Fishery .....</b>
4.1	Stocks.....
4.1.1	Stock Units.....
4.1.2	Status of Stocks .....
4.2	Habitat.....
4.2.1	Habitat Types .....
4.2.1.1	Bering Sea.....
4.2.1.2	Aleutian Islands .....
4.2.2	Essential Fish Habitat Definitions.....
4.2.2.1	Essential Fish Habitat Information Levels .....
4.2.2.2	Essential Fish Habitat Text Descriptions for BSAI Groundfish .....
4.2.2.3	EFH Map Descriptions .....
4.2.2.4	Essential Fish Habitat Conservation.....
4.2.3	Habitat Areas of Particular Concern .....
4.2.3.1	HAPC Process .....
4.2.3.2	HAPC Designation .....
4.2.4	Habitat Conservation and Enhancement Recommendations for Fishing and Non-fishing Threats to Essential Fish Habitat and Habitat Areas of Particular Concern.....
4.3	Fishing Activities Affecting the Stocks .....
4.3.1	History of Exploitation.....
4.3.2	Commercial Fishery .....
4.3.3	Subsistence Fishery.....
4.3.4	Recreational Fishery .....
4.4	Economic and Socioeconomic Characteristics of the Fishery .....

4.5	Fishing Communities .....
4.5.1	Home Ports.....
4.5.2	Owner Residence .....
4.5.3	Ports .....
4.5.4	Community Development Quota Program Communities .....
4.6	Ecosystem Characteristics .....
4.6.1	Ecosystem Trends in the Bering Sea and Aleutian Islands Management Area .....
4.6.2	Climate-Implicated Change .....
4.6.3	Interactions Among Climate, Commercial Fishing, and Ecosystem Characteristics.....

**Chapter 5 Relationship to Applicable Law and Other Fisheries .....**

5.1	Relationship to the Magnuson-Stevens Act and Other Applicable Federal Law.....
5.2	Relationship to International Conventions.....
5.3	Relationship to Other Federal Fisheries.....
5.4	Relationship to State of Alaska Fisheries .....

**Chapter 6 References.....**

6.1	Sources of Available Data .....
6.2	Management and Enforcement Considerations .....
6.2.1	Expected costs of groundfish management.....
6.3	Literature Cited .....

## APPENDICES

**Appendix A History of the Fishery Management Plan.....**

A.1	Amendments to the FMP .....
-----	-----------------------------

**Appendix B Geographical Coordinates of Areas Described in the Fishery Management Plan .....**

B.1	Management Area, Subareas, and Districts .....
B.2	Closed Areas.....
B.3	PSC Limitation Zones.....

**Appendix C Summary of the American Fisheries Act and Subtitle II .....**

**Appendix D Life History Features and Habitat Requirements of Fishery Management Plan Species .....**

**Appendix E Maps of Essential Fish Habitat .....**

**Appendix F Adverse Effects on Essential Fish Habitat .....**

**Appendix G Fishery Impact Statement .....**

**Appendix H Research Needs .....**

**Appendix I Information on Marine Mammal and Seabird Populations .....**

I.1	Marine Mammal Populations.....
I.2	Seabird Populations .....
